Leadership Academy of Madison County (LAMC) is an interactive experience in community leadership. Participants gain knowledge of our communities and learn aspects of Servant Leadership that they can use in collaborating, visioning, and celebrating all that Madison County can be.

Youth Leadership Academy of Madison County (YLA) is a select group of high school juniors from across Madison County who come together to learn about being Servant Leaders and working together to meet community needs through volunteering and assuming leadership roles.

Our alumni are a group of leaders who have experienced Leadership Academy and understand the power of staying connected. Together we can continue to use our passions and skills to make our communities better, help meet community needs, and continue our education as Servant Leaders.

We are partnering with the United Way of Madison County to connect our alumni with the needs of the community, non-profit agencies and volunteer opportunities speaks to the heart of our mission: Connecting Servant Leaders To Build Better Communities.

Servant Leadership.
Collaboration.
Visioning.
Building Effective Teams.
Managing Conflict.
Consensus Building.
RSVP is America’s largest volunteer network for people age 55 and over. RSVP taps the skills, talents, and experience of more than 330,000 Americans to meet a wide range of community challenges.

Operation Weatherization

This annual volunteer event is to help economically disadvantaged weatherize their homes and consequently reduce their energy costs. The scope of work includes caulking, weather-stripping, covering windows with plastic, replacing furnace filters, installing energy saving light bulbs, and installing smoke and CO detectors.

JOIN HANDS.
OPEN YOUR HEART. LEND YOUR MUSCLE. GIVE AN HOUR.
GIVE A SATURDAY. THINK OF WE BEFORE ME.

Volunteer Madison County (VMC) is a resource for Madison County residents and non-profit agencies to connect with volunteerism throughout the community.

United Way of Madison County is working to create the kind of community we all want to live in. Where every child graduates and achieves their dreams, where every person has a good job that allows them to fully provide for their family, and where every family is stronger because they are healthy.

We work to improve the quality of life in our community by engaging people and organizations to advance education, income and health outcomes for all.

We invite you to join with us. Together, united, we can inspire hope and create a better future for everyone that calls Madison County home.

That’s what it means to LIVE UNITED.

Description: Volunteers are truly the heart and soul of our organization. Whether you are stroking a cat, walking a dog, cleaning a kennel or even greeting a visitor, each hour a volunteer gives has an immeasurable value. One of our top priorities is to always create the best environment possible for our animals during their stay with us. For the safety of our wonderful helpers, staff, visitors and animals, we require that each volunteer be appropriately introduced to our facility and trained before assisting with the shelter needs. By volunteering to help at shelter events, you’re supplying a better chance for a dog to get adopted. They normally set in their kennel and wait to be seen. But by taking a dog out of the shelter and spending a few hours at an adoption event, you’re giving the dog an opportunity to be seen by more people. And they’re being socialized, which will reduce their stress level.

Description: The Paramount Theatre is one of a few existing atmospheric theatres designed by famed national architect John Eberson. Eberson was the original imaginative creator of the “atmospheric.” His Spanish courtyard design of the Paramount included eclectic ornamentation, unique statuaries, a beautiful trellis adorned with floral and ivy, and a magical night sky complete with hundreds of twinkling stars. Not only did the opulent décor of the Paramount distinguish itself from the neighboring theatres, but the 36 foot tall and 69 inches wide Paramount blade marquee became a familiar sight in downtown Anderson. Out of 155 Eberson "atmospheric" theatres that were built only 12 of them exist, two of them are located in Indiana, The Embassy Theatre located in Fort Wayne, Indiana and The Paramount Theatre located in Anderson, Indiana.

**Description:**  
We manage 130+ funds, each designed to promote positive and sustainable change in the four townships that comprise South Madison County, encompassing the towns of Ingalls, Lapel, Pendleton, and Markleville. A staff of two relies on volunteers to accomplish the organization's work plan. Many of our partners in accomplishing community improvements get started through involvement with the women's giving circle, "Open Hearts, Open Purses." Members plan and execute an annual Award Night, where three grant finalists vie for a $10,000 grant. Members also solicit and review grant applications and identify prospective members. Other partners get involved with the Foundation through scholarship application review. This commitment is short-term and conducted online. We would love to meet with any person interested in the benefit of their community; we help connect passionate people with the community causes that they cherish and have been doing so for nearly 25 years.
